

TURKS DRIVEN BACK AFTER A BATTLE

GREEK TROOPS DEFEAT THEIR ENEMIES.

Edhen Pasha, Commander of the Sultan's Forces, Narrowly Escapes Being Taken Prisoner—Positions of Strength Recaptured by Greeks—England Thinks Turks Will Win.

London, April 20.—Athens is wildly rejoicing over the latest news from the Turkish frontier. Gen. Smolentz, ex-minister of war, is in command of 14,000 Greeks at Reveni, not far from Thynavos, northwest of Larissa. At this point Edhem Pasha, closely pressed, was nearly taken prisoner. His plan was to force the pass of Reveni, to enter the plain of Larissa, to cut off the retreat of the Greek army with his cavalry and thus take Larissa without resistance. But this plan was defeated, Gen. Demopoulos, at the head of one Greek division, forced the Turkish line at Boughazi, close to Thynavos and Gen. Mavromichale broke through at Koniskos. The two generals united their troops near Damasi.

The news of this success at Reveni and of the imminent fall of Prevesa has changed the dismay caused at Athens by the loss of Milouna into the wildest rejoicing.

The latest advices are that the Greek troops are advancing to recapture their positions at Milouna and at Gritzovali, the latter of which, it is alleged, was abandoned owing to a misunderstanding by the general in command, who interpreted as an order of retreat what was really intended as an order of advance. The Greeks report that the Turks lost 7,000 killed and wounded at Reveni, but this estimate is probably excessive. The Greek engineers constructed a bridge at Pachyskalos to enable their troops to cross the river. It is stated that the Turkish forces attacking Reveni numbered more than 10,000 men.

It is reported that among the other matters considered is the expediency of ordering the international fleets to leave Cretan waters and to go in the direction of Salonica and the Dardanelles, to watch the fighting, with a view to localizing it if necessary, by naval intervention. Should this suggestion, which is understood to emanate from the Italian foreign office, be acted upon, it is probable that only half the fleet of foreign warships would be withdrawn for such a purpose, the other half remaining to continue the Cretan blockade.

There is said to be a sharp difference of opinion between the military powers, Russia, Austria-Hungary and Germany, and the maritime powers, Great Britain, France and Italy, as to the most expeditious and least violent methods of compelling a cessation of hostilities should this result not be reached by the exercise of diplomatic pressure at Athens and Constantinople. The likelihood is that the force to be employed by Europe, if a resort to force becomes necessary, would be by sea, as the contingencies of military intervention might be more serious than the hostilities now in progress.

It is reported at the foreign office that the communication received here from the marquis of Salisbury, after his interview with Queen Victoria at Nice, supports the theory that the British government is using its utmost energy to persuade both the combatants to make a cessation of the conflict at the stage which it has now reached. M. Hanotaux, who received the Greek minister to France, is understood to have assured him that while France could not tolerate the indefinite prolongation of war and would never consent to any essential modification of the existing territories of Greece and Turkey, she would continue for the present her policy of non-intervention, except so far as intervention might be necessary to prevent the spread of the contest to other combatants.

The situation on the frontier has not, according to the latest advices, been materially modified. Both the Turks and the Greeks are resting from the tremendous exertions of Friday, Saturday and Sunday. The troops of Edhem Pasha were half dead with fatigue and hunger when the fire slackened. Most of them flung themselves down where they stood on the bare ground to sleep. The Turkish commander in chief prudently decided to allow his army to rest.

As details come in it becomes more and more apparent that the fighting in Milouna pass was of the most stubborn and savage character. The Turks fought like demons and the Greeks resisted in the spirit of their ancestors. The most inexplicable fact in connection with the whole engagement is the comparatively small number of killed. All the special correspondents agree to this. The Turks appear to have fired as wildly with their rifles at Milouna pass as they did at Arta, where the fighting consisted of an artillery duel between the rival batteries on each side of the river, lasting about four hours in the afternoon. There they fired only one out of five shots with any effect and their batteries were soon silenced by the Greeks, whose marksmanship was very much superior. The Turkish losses at Arta are believed to have been very heavy. On the Greek side there was not a man killed.

Thinks Turks Will Win.

London, April 20.—In spite of the fact of its being a holiday here Mon-

day, there was great activity in the foreign office, where the full staff was at work the whole day long. The Italian, German, Austrian, Swedish, French and Turkish ministers had a lengthy conference with Sir Thomas H. Sanderson, the permanent secretary of the foreign office. The latter informed a representative of the Associated press that the powers had not yet decided to interfere in the war between Greece and Turkey, which, he added, should be sharp and decisive, as the Greeks have little chance of ultimately winning.

Neutrality of the Balkans.

St. Petersburg, April 20.—Referring to the formation of an alliance between Bulgaria, Serbia and Montenegro, it is semi-officially pointed out that the league being formed is not only for the protection of the governments named against Turkey and Austria, but against pan-Hellenic aspirations in the Balkan peninsula. Therefore, it is added, Greece is unable to count upon any support in the present conflict from the countries indicated; and, moreover, their respective ministers have positively assured Russia that their governments will maintain strict neutrality.

Roll Down a Bank.

Kalispell, Mont., April 20.—At 5 o'clock Monday morning east-bound passenger train No. 4, on the Great Northern, struck a broken rail at a point about two miles east of Bear Creek. The train was being pulled by two engines, and as it struck the broken rail both locomotives broke loose from the train and were hurled down a steep embankment. One engine went down the mountain about 200 feet, and the other about fifty feet. The helper was in charge of Engineer Silas Schutt and John Barr, fireman, and the regular was in charge of W. H. Smith, engineer, and Arnet Hogan, fireman. None of them was killed, but all were badly hurt.

Greek Fleet Is Active.

Island of Corfu, April 20.—The Greek troops, as this dispatch is sent, are advancing on Filiplada, northwest of Arta. A detachment of 800 Greek troops is in readiness to land at Prevesa, the Turkish fortified position north of the entrance of the Gulf of Arta. The Turkish forts at that place have been almost completely destroyed by the bombardment of the Greek fleet. Many of the forts have been reduced to ashes.

America to Protect Greeks.

Constantinople, April 20.—America will probably take over the protection of Greek subjects in Turkey during the war. The Turkish government has invited all Greek consuls and subjects to quit the confines of the empire within fifteen days.

PLAN, NOW, TO CUT THE LEVEES.

New Orleans Man Speaks of Perforating the Embankment.

New Orleans, La., April 20.—The city has caught the fever of excitement and though the authorities insist that the line is well protected and no danger exists, the citizens held several mass meetings and urged action, pledging all the money needed.

At one of the meetings a citizen suggested the cutting of a levee on the opposite bank of the river, in order to save the city. Some of the people from over the river were present and quietly replied that any such attempt would mean the perforation of the cutting committee. A groundless fear that New Orleans would attempt such measures has been abroad in adjoining sections for several days and at the monster Bonnet Carre embankment the rumor has caused the camping of an armed company of volunteers on the levee each night.

The Carrollton levee, about which most of the agitation is in progress, stands at the head of the finest residence avenue in the city, and as a spectator stands at the top he looks upon the roofs of mansions, while almost wetting his feet in the mighty river seeming eager to break its bonds. One glance at the picture is sufficient to account for the anxiety which has led to much bitter attack upon the really good work the levee board has accomplished.

Says Cities Are Doomed.

Kansas City, Mo., April 20.—The Rev. Andrew Jones, a colored evangelist, who claims to be a prophet, is in Kansas City preaching in King Solomon's Baptist church. He says that he predicted the New York earthquake, the Johnstown flood, the Charleston earthquake, seen by him in a dream six months before it happened, and the St. Louis cyclone of 1896. He claims that God has a greater calamity in store for St. Louis. He says that Kansas City, Chicago and New York are under the ban, and that disaster is to overtake the three cities. He believes it will be either by tornado or by earthquake.

Complain of Cabinet Officers.

Washington, April 20.—The three civil-service commissioners called in a body on the president and entered a protest against the action of the different cabinet officers in removing men from office who were presumed to be protected by the civil-service law. They protested particularly against the removal of Chief Clerk Rennick of the state department. They informed the president that the removal of persons in the classified service was a violation of the civil-service law.

THE WORK OF A DAY AT THE CAPITAL

APPROPRIATIONS AGREED UPON IN SENATE.

It is Substantially the Same Measure as Passed the House—Mr. Vest's Resolution Upon Secretary Gage's Order—Test of Tariff Sentiment—General News from Washington.

Washington, April 20.—The senate passed the Indian appropriation bill Monday. It is substantially the same as when it passed the house, and can occasion little division save on the amendment opening the Uncompahgre Indian reservation.

Resolutions of inquiry were agreed to, asking the secretary of state as to the operation of the reciprocity treaties made under the McKinley act.

Mr. Vest introduced his resolution declaring illegal the recent order of the secretary of the treasury relative to imports arriving after April 1. The senator gave notice of pressing the resolution, and it may afford another test on the tariff.

After the executive session the senate adjourned as a mark of respect to Representative Milliken, deceased.

A resolution for a committee of five senators to inquire into the issuance of land patents to the Pacific railroads and to the California and Oregon railroad and the amounts of subsidies paid to the Pacific mail steamship companies was favorably reported, but on suggestion of Mr. Stewart of Nevada it went over.

During debate on the Indian bill Mr. Allen (pop., Neb.) offered an amendment for the establishment of an Indian supply warehouse at Omaha.

Mr. Gear (rep. Iowa) said this was designed to take the warehouse away from Chicago. If this was done he would propose Sioux City, Iowa, as well as Omaha, as an Indian supply point.

It led to extended debate, which resulted in the Allen amendment being agreed to.

An amendment by Mr. Hoar (rep., Mass.) for two additional federal judges in Indian territory was adopted.

After a contest an amendment by Mr. Berry of Arkansas was agreed to, limiting the rolls of tribes to certain designated classes.

At 1:50 p. m., on motion of Mr. Davis, the senate went into executive session on the arbitration treaty, and at 2:15 adjourned.

Broker Chapman's Sentence Stands.

Washington, April 20.—The Supreme court refused the application for a writ of certiorari and habeas corpus by Elverton B. Chapman, the broker who refused to testify in the sugar speculation investigation whether senators had speculated in sugar stocks while the Wilson tariff bill was before that body. The sentence of the Supreme court of the District of Columbia to thirty days in jail and \$100 fine was affirmed. Brokers McCartney and Seymour, Messrs. Havemeyer and Searles, of the sugar trust, and E. J. Edwards and John S. Shriver, newspaper men, all refused to give testimony before the investigating committee, and are affected by the decision.

Republican Senators in Caucus.

Washington, April 20.—The republican senators were in caucus Monday nearly two hours and adjourned when the senate met, without reaching any agreement. The entire time was consumed in a discussion of committee organization, with incidental mention of the tariff. The proposition which had been submitted by the democratic managers to the republican committee was opposed by many senators, more especially Senators Chandler, Baker and Elkins. The caucus adjourned to meet at the call of the committee having the reorganization in charge.

Postal Investigation in Prospect.

Washington, April 20.—Senator Pettigrew on Monday introduced a resolution directing the postmaster general to inform the senate of the amount per mile paid the Southern Railroad Company for carrying the mail from Washington to Atlanta and to New Orleans each year since 1895, also whether at the last weighing on that road an unusual amount of advertisements were carried and what steps were taken at the time of the weighing to prevent fraudulent practices on the part of the railroad officials.

Arbitration Vote May 5.

Washington, April 20.—The senate decided Monday to vote on the arbitration bill May 5. No particular opposition was made to fixing the time for the vote, although Senator Davis urged an earlier date. His first suggestion was for May 3, and when objection was made he proposed the fourth and then the fifth, which met with no opposition. It is understood that the opponents expect to have all their strength in the senate on that date.

Law Expected to Pass.

Des Moines, Ia., April 20.—The mult law, including the manufacturing amendment, will be reported for passage by the Committee on Suppression of Intemperance in the house to-day just as the senate passed it. One of the leading opponents of the measure admitted this afternoon that it is probable the manufacturing feature will be adopted by the house as it came from the senate.

MILLS BILL PASSES WITH AMENDMENTS

ASSEMBLYMEN LOOK UPON THE MEASURE WITH FAVOR.

Cities of the Second and Third Classes Can Adopt it or Not, at Municipal Elections, as They See Fit—Exemption of Wages Reduced—Agricultural Society Bill is Killed.

Madison, Wis., April 20.—[Special] The Mills bill passed the assembly this morning after being amended so as to make it optional upon cities of second and third class whether they will adopt the provisions of the bill in municipal elections.

In the senate, the bill appropriating \$113,000 to the trust funds to reimburse them for money loaned on the part of the state, passed. The State Agricultural Society bill was killed.

The senate also reconsidered the water works taxation bill, and referred it to the committee on assessments and collection of taxes.

ACCUSED MURDERER CAUGHT.

Man Charged With Killing Cashier Stickney.

Montreal, April 20.—Joseph E. Kelly, accused of the murder of Joseph A. Stickney, cashier of the Great Falls National Bank at Somersworth, N. H., was captured here Monday night. On being taken to the Central police station, \$2,700 was found in his clothing. On being questioned he declined to say anything about the murder, except that he had an accomplice. He added that the accomplice told him that he had "fixed" Cashier Stickney. Repeated questions failed to elicit further information from the prisoner.

On Kelly were found two letters, one to his father, stating that an accomplice, whose name he claimed not to know, but who was an inmate with him in a reformatory somewhere in New Hampshire, had done the deed, and that it was at the suggestion of the accomplice that Stickney was murdered. The original design was to scare Stickney by showing a revolver, Kelly waiting outside while the accomplice accomplished his work.

Eight-Hour Day Agitation.

Washington, April 20.—The regular quarterly session of the executive council of the American Federation of Labor was opened at the headquarters of the federation in this city Monday morning, and will continue for the next two or three days. The most important subject to be considered at present is the agitation in favor of an eight-hour working day. The plan agreed upon contemplates simultaneous mass-meetings throughout the country May 1 to discuss and agitate the question, and the selection of a member from each of the national unions of the country in affiliation with the federation to act as an advisory board.

Catholic Knights at Work.

Anderson, Ind., April 20.—The first state meeting of the Uniformed Catholic Knights of America in Indiana was held in this city Monday, and was largely attended. Major General Kadeski of Marshall, Ill., and the national staff presided. The Indiana companies were formed into a regiment, and, after long balloting, William Norton of this city was elected colonel and placed in charge. He will probably divide the companies into two regiments.

Phillies Win the First.

Boston, Mass., April 20.—The Phillies came to Boston Monday and played the first league game of the season, defeating the home team by one run, in an exciting finish. The visitors played better ball than they did last year, and deserved to win. Score: Philadelphia 0 0 0 0 2 0 1 3—6 Boston 0 0 0 0 0 0 0 5—5

Ex-Treasurer Bartley's Case.

Lincoln, Neb., April 20.—The trial of ex-State Treasurer Joseph Bartley began Monday in the county court on a warrant charging him with the embezzlement of \$500,000. Mr. Bartley waived hearing and was bound over to the May term of the district court in the sum of \$50,000, which was furnished. It is now thought the trial, which promises to become celebrated, cannot be delayed longer than May 3.

School Children in Panic.

Washington, Ind., April 20.—The graded school building was destroyed by fire Monday afternoon. Twelve hundred pupils were panic-stricken and rushed for the exits regardless of the teachers' attempts to dismiss them in an orderly manner. Many of the children had narrow escapes, several hundred failing to secure their wraps or books. No one was seriously injured. The loss is \$55,000.

Hunter Willing to Withdraw.

Frankfort, Ky., April 20.—The republican members say that Dr. Hunter will withdraw if he is allowed to do so of his own accord and without the intervention of a caucus. They believe that as soon as he does this he will throw his strength to State Senator Deboe, ex-Congressman George M. Thomas, or some other friend, while the opposition will unite on ex-Chief Justice Hoyt.

MANY LIVES ARE IN PERIL. A MILWAUKEE FIRE

COSTS \$30,000.00

An Urgent Call For Boats Is Sent Out from Vicksburg.

Vicksburg, Miss., April 20.—Major J. H. Willard, United States engineer, has received a dispatch from the master of the steamer Florence, ordered to Coon's Landing, La., to rescue flood sufferers, asking him to send all skiffs obtainable by first steamer, as people are drowning and cannot be reached except by skiffs. Coon's Landing is about thirty-five miles from this city, and is being flooded by Biggs crevasse. A dispatch arrived from Ashwood, La., saying the water is rushing rapidly into the swamps of Tensas parish, which are inaccessible by steamer, and this dispatch arouses many apprehensions.

Relief work here is depending upon private charity, upon which the burden is daily growing heavier. Thousands have arrived and thousands are coming, for the levees are covered with fugitives. Chairman Crayton of the colored relief committee says 7,000 persons are in distress here.

The calamity at Coon's Landing is due to a break in the levee there, and another has occurred opposite Rodney. No details have been received.

War Department Officials Anxious.

Washington, April 20.—The war department officials are regarding the outlook in the lower Mississippi with the greatest anxiety, fearing that the levee system there will prove unable to withstand the terrible strain. Captain Martin of the quartermaster-general's department reports that there was under water last Wednesday a strip of land on the east bank of the river, with Vicksburg at its apex, with a base of twenty miles and sixty miles wide, containing 1,050 square miles. This is all cotton country. The population is estimated at from 90,000 to 100,000, about one-sixth of the people being whites.

Another Levee Gives Out.

Memphis, Tenn., April 20.—Another break in the levee on the Louisiana side is reported from a point twenty miles below Natchez, Miss. The extent of the break cannot be learned. The situation at Biggs, where the water is rushing through the crevasse in torrents, is growing worse. Madison parish is fast becoming inundated, and the water will extend to other parishes, destroying thousands of acres of newly planted crops. Vicksburg, Natchez and other river points are crowded with refugees, and everything possible is being done to alleviate the suffering of the poorer classes.

Planter Calls for Aid.

Greenville, Miss., April 20.—James Richardson, owner of Daborny and Richland plantations, has wired here that he cannot longer supply the hands and that they will be in urgent need of government aid. These two plantations number 13,000 acres and employ about 2,000 hands. A call for aid for 3,000 destitute negroes at Merigold, Bolivar county, has also been received. Reports from Issaquena county, near Duncansby, say a herd of some 200 deer has taken refuge on the levee. Other deer were rescued from drowning.

New Orleans Is Safe.

New Orleans, April 20.—The river has attained the nineteen-foot stage. The levees during the last few weeks have stood a fearful strain, something in itself that is admirable testimony as to their stability, and, with extra precautions now being taken, there is little foundation for an impression that a break will occur.

Only One Bridge Left.

Baker City, Oregon, April 20.—Powder River is higher than ever known, and is doing great damage. Only one bridge remains in this city, and if the warm weather continues it will go out. The Sumpter Valley Railway is flooded for miles. The northern residence portion of the city is inundated.

River Rises at Burlington.

Burlington, Iowa, April 20.—The river rose five inches during the night, and great uneasiness is felt, as a rise of one foot more will do great damage. The lumber mill above the city can only stand ten inches more, after which the entire section will be under water.

Haugan Pleads Not Guilty.

Minneapolis, Minn., April 20.—Ex-City Treasurer A. C. Haugan was arraigned in the District Court on Monday on a charge of misappropriating \$519,000 of city funds and \$34,000 of school funds. He pleaded not guilty. These sums represent the total amount of his shortage, owing to the suspension of several banks within the past two years. The indictment was found by the grand jury and Mr. Haugan returned voluntarily from Hot Springs, Ark., to plead.

North Dakota Milling Company Fails.

Grand Forks, N. D., April 20.—The North Dakota Milling Company, capital \$150,000, has assigned.

Tramps Have Committed Murder.

Elkhart, Ind., April 20.—John Burke of Scranton, Pa., who was shot here by tramps, is dying.

Argentina Has Raised Money.

Buenos Ayres, April 20.—The Argentine government will pay interest for June on the foreign debt in full.

A MILWAUKEE FIRE

COSTS \$30,000.00

VENEER PLANT IS DESTROYED THIS MORNING.

Fifty-Five Men Are Thrown Out of Employment and the Loss is Twice the Amount of the Insurance—How the Flames Originated is a Mystery—Some Machines Saved.

Milwaukee, April 20.—[Special]—The veneer factory burned this morning, the cause not being known. The building originally cost about thirty thousand dollars and the company has fifteen thousand dollars insurance. As the building was filled with much dry material it did not take long to completely destroy it. The boilers, engine and some of the machinery was saved. President Reddis is in Chicago, consequently it is not known whether he will rebuild the plant. Fifty-five men are thrown out of employment. The firm had many large orders to fill.

BUCKEYE FIREBUGS AT WORK.

The City of Berea, Ohio, Threatened with Destruction.

Cleveland, April 20.—The business portion of the town of Berea was nearly wiped out by fire Monday. The high winds prevailing made it almost impossible to check the flames, which threatened to encompass the entire town. The fire started in the Shumway block, which was soon burned to the ground, and communicated to J. C. Noye's dry goods store, Dr. D. T. Gould's drug store, the City hotel, F. E. Beckwith's livery stable, L. H. Chevalier's carriage and blacksmith shop, Fred J. Smedley's photograph gallery, Mrs. William Magley's restaurant, the Miller block, S. S. Brown's jewelry store, P. Cannon's coal office, Martin Zurich's shoe shop, C. W. Heater & Co.'s shoe store, P. C. Quay's home and Dr. W. C. Clarke's home.

The heaviest losses are on the Shumway block and the Miller block, which will aggregate \$20,000 each. The total loss will reach \$80,000. The other losses range from \$5,000 to \$12,500 each.

The cause of the fire was attributed to tramps, and Deputy Sheriff J. E. Asling escorted three of them out of town at the point of a revolver. To add to the excitement a dog went mad and bit several people before it was shot. The fire was got under control at noon.

THE CHURCHES MAY UNITE.

Meeting of the Congregational and Christian Denominations.

St. Louis, April 20.—There is a national movement on foot looking to the union of the Congregational and Christian denominations.

Some months ago, in addition to steps taken in Ohio and the east, a union meeting of the ministers of the two bodies was held in St. Louis. This meeting resulted in a second, held Monday, at which papers were read. A discussion followed, which brought out in the most fraternal manner the beliefs, likenesses and differences of the two denominations.

Three committees, composed in the main of prominent ministers, were appointed to consider suggestions made for co-operation in educational, evangelistic and benevolent work and formulate plans to be presented at the next meeting.

Complete union is not looked for at present, but it is thought that plans may be made drawing the denominations more closely together in work and fellowship and finally result in a union.

Sons of the Revolution.

Philadelphia, April 20.—Delegates from nearly every state and territory are here taking part in the annual general meeting of the Sons of the Revolution, which opened Monday and will continue for several days. Among the subjects which will probably be considered is that of combining the organization with the Society of the Sons of the American Revolution—a matter which has been agitated for a year or more.

Ohio Politician Declared Insane.

Cincinnati, O., April 20.—George Hobson, clerk of the courts for Hamilton county and for many years county recorder, was found wandering about in a wild condition. He is at the hospital and is pronounced hopelessly insane. Hobson was the chief lieutenant of George B. Cox, the recognized Republican boss, and had for years himself been one of the most prominent politicians in this city.

Railroads Have Reduced Rates.

Nashville, Tenn., April 20.—Maj. W. L. Danley telegraphs the centennial exposition executive committee from New York that he has secured from the trunk lines committee passenger rates to the exposition, making first class round trip tickets cost \$38.75 and third class tickets \$25.30. The New England rate committee will act in concert with the trunk line committee on centennial rates.

Hohenlohe Visits in Paris.

Paris, April 20.—Prince von Hohenlohe, the German chancellor, and his wife, are passing the Easter holidays in this city. He may visit M. Hanotaux, the French foreign minister.

OLD SETTLER DEAD AT MILTON HOME

WILLIAM M'EWAN, A STATE
PIONEER, NO MORE.

He was Eighty-Four Years Old and Had Resided in Wisconsin Since 1838—Born at a Scottish Spot Made Famous By Shakespeare—Other County News.

(THE GAZETTE AGENCY, W. W. CLARK, Manager, Milton, Wis., April 20, 1897)

William M'Ewan, who recently suffered a stroke of paralysis, died Friday forenoon. Deceased was one of Wisconsin's pioneers, but few of whom are now living. He was born Oct. 5, 1813, at Birman Woods, in Perthshire, Scotland, a place mentioned by Shakespeare in his play of "Macbeth," and in June 1838, emigrated to this country in company with his mother, four sisters and his brother James, now an honored citizen of the village. After a tedious voyage of nearly seven weeks they landed in New York and came directly to Milton, four weeks being required for the trip from that city. Mr. M'Ewan located here when the village contained but two houses, living with his brother Peter, who came here in 1837. He spent several years at St. Louis, Memphis, Vicksburg, Galena, Beloit and Janesville, in which latter city may be found buildings erected by him in an early day. At the time Wisconsin's first capitol was built he walked to Madison with his tools on his back, to secure work on the building, but on arriving there learned that workmen were obliged to take state warrants for their wages which were worth less than fifty cents on the dollar, and walked home rather than to accept work on that sort of terms. In 1848 he took up his permanent residence here and since retiring from his farm, on the outskirts of the village, has lived in his house, adjoining the Congregational church. Deceased leaves an aged wife, one daughter, Mrs. H. C. Curtis of Waupun, and a son, W. A. M'Ewan of this place. The funeral services were held Sunday afternoon at the M. E. church, of which Mr. M'Ewan was an active member, and were largely attended. Rev. W. T. Millar officiated, assisted by the pastor, Rev. C. E. Carpenter, and the remains were interred in the village cemetery. Among the relatives present from out of town were Principal H. C. Curtis and family of Waupun, William Horne, George W. Hayes, Alford Smith, Mrs. Adeline Nowle and Mrs. Perry Miller, of Milwaukee.

Prof. Cumcock, of the Northwestern School of Oratory says of Miss Garghill, who is to give a reading for the King's Daughters entertainment next month, "As a teacher of elocution and as a public reader she is among that select few which we designate as the very best. It has been my good fortune to hear nearly all the great lady readers of America and if there are any that are superior to Miss Garghill in strength of expression, in naturalness and finish of form, in pleasing and intelligent interpretation I have not heard them."

Carload shipments from this station last week included two cars of cattle by G. B. Fetherston, one car each of oats, barley and hay by Fetherston brothers and two of sheep by U. G. Miller, carload freight received, one of coal by G. B. Fetherston, one of coal and one of lumber by T. A. Saunders and one of trees by J. C. Plumb.

Among those from this village who attended the Y. P. S. C. E. convention at Edgerton were Rev. Dr. Platte, Misses Anna Wells, Mable and Bessie Clarke, Nellie Hills, Anna and Polly Rice, Nellie Crandall, Blanche Babcock, Agnes Rice and Paul Crooley. Messrs. D. C. Ring, H. N. Wheeler, E. W. Clarke, L. A. Babcock, Arthur Davidson, Howard Saunders, Arthur Platte, E. D. VanHorn and F. J. Shaw. Miss Annie Rice spent last week with Milwaukee friends.

Prof. Shaw presented a paper on "Closest Prayer" at the district Y. P. S. C. E. convention held at Edgerton last Saturday and Sunday.

Mrs. J. C. Lane of Milwaukee was a recent visitor here.

M. C. Whitford sold his "White Flyer" bicycle last week.

Mrs. Abbie J. Wood is much improved in health, and able to sit up a large portion of the time.

W. H. Wesver and C. H. Goodrich represented this village at Dr. Mills' flag raising Saturday.

Dr. George C. Catline of Lake Geneva was the guest of Dr. Borden Sunday and Monday.

During the gale Sunday, a chimney on the residence of the late William M'Ewan, burned out, and burning pa-

per and soot dropped onto the carpets, but careful attention prevented damage.

Rev. S. H. Babcock returned from Cartwright Monday.

William H. Tomkins, who has been spending the past year in Colorado, returned to the village Sunday night. He has been telegraphing in that state, and his residence there has fully restored his health, which was much impaired when he went west.

Crumb & Ballard received a carload of carriages and wagons Monday. H. C. Saunders arrived in town Monday from Pocahontas, Iowa, with a carload of horses and household goods.

H. S. Gould and wife will move to Whitewater next week.

Charles Sayre has been giving his numerous Milton friends an opportunity to "shake" with him this week.

E. B. Saunders, who has been laboring at Walworth, is home again.

Miss Mary M'Ewan returned to her school work in Milwaukee Monday.

The subject of Rev. Victor E. Southworth's sermon, at G. A. R. hall, next Sunday afternoon, will be "Taking Life by the Right Hand."

A fire at Coloma on Sunday destroyed the largest building in the village. The offices and residence of Dr. A. L. Burdick was saved through the efforts of citizens. The doctors mother and sister reside here.

"Uncle" David Cartwright of Cartwright, arrived in the village Monday, and is visiting friends.

Whitford and Road have blossomed out with a new sign and are selling wheels right along.

Mr. and Mrs. Coulter of Edgerton, attended the funeral of William M. M'Ewan.

SOME NEWS OF FOOTVILLE.

Spring Work Is Delayed—Cold Weather For Tobacco Seed.

Footville, April 20—Spring opens one month later than it did in 1896. The mercury was down to 16 above, Monday, which was not very good for tobacco seed. This will be a busy week for farmers if no rain falls. Mrs. A. Hetrick was shopping in Evansville Monday. Mrs. Edith Thousand and Miss Libbie Ogden are giving good satisfaction in the millinery line. Mrs. W. J. Owen is still confined to her bed. She is now in her third month of sickness. W. J. Canary is fencing off a fine spot for a flower garden. R. R. Carlson is doing a rushing business in the creamery line. He has been doing a large amount of repairing, and has everything in first class condition. Miss Jessie Silverthorn went to Edgerton Friday, as delegate to the Christian Endeavor convention. R. R. Carlson went to Elgin Monday, on business. Mrs. R. O. Shaw who was reported on the sick list, is improving. I. U. Fisher has been confined to the house a few days on account of sickness, but is out again. The Madison division business car made Footville a call Saturday. All the Division officers were on board. Footville is not in it as regards air ships. We make castles in the air, but can't see the air ship. Easter services were held at the M. E. church Sunday. Rev. J. J. Lugg delivered a splendid Easter sermon in the morning. The evening was devoted to a thank offering service by the Ladies' Foreign Missionary society. A pleasing program was rendered. The attendance both morning and evening was good. Charles Hutton has moved into the Martin Hows residence. Mrs. Ferguson of Beloit, spent Sunday with her sister, Mrs. R. O. Shaw. Mrs. Tolstoun of Milwaukee, has been spending a couple of weeks with her parents, Mr. and Mrs. D. M. Howell. She returned to Milwaukee Monday. J. F. Egerton went to Janesville Monday on business. Mr. and Mrs. Dr. S. W. Lacy entertained a party of friends to six o'clock tea Friday evening. The guests were: Mr. and Mrs. R. W. Strong, Miss Clara Egerton, Rev. J. W. Lugg and Mr. and Mrs. C. E. Vesper.

THE PAST WEEK AT LIMA.

News Notes of Various Kinds Picked Up by the Correspondent.

Lima, April 20—Will Dunn and wife entertained friends from Janesville recently. John Boss, an employee of the C. & N. W. Ry. spent Sunday at Mrs. Chapman's. Miss Alice Carroll attended Easter service in Whitewater. Married—At the U. B. parsonage, Otterbein, on Thursday, April 15, 1897, by Rev. L. L. Thayer, Mr. Ambrose Elphick and Miss Ella Stillman, both of Lima. Fred Westrick and mother have moved into the house lately vacated by Mr. W. Phoenix. The entertainment given by the Home Forum last Friday evening was quite well attended. Mrs. Melvin Knowles won the prize in the spelling match. Aunt Abby Hull is not enjoying very good health at present. Frank Walker and family spent Sunday in Milton the guest of his sister, Mrs. Tom Goodyear. O. Richardson of Milton, conducted services in the M. E. church last Sunday afternoon. His many hearers were much pleased with his talk on the missionary cause. Mrs. Cowles is about to move into the north end of the store building owned by Mrs. Fred Gould. Mrs. Annie McLane is spending some time with her mother here. Mr. and Mrs. James Master-son and May Higgins were recent visitors at William Master-son's. Word came Saturday, to Mrs. Fred Gould, of the death of her uncle, Amasa Putnam, which occurred at his home in Clayton, N. Y., 1897. Mr. Putnam visited here five years ago and had many friends here. Mrs. Frank Gould is enjoying a visit from her brother, Loren Frasier. Mrs. George Walker of Johnston Center, was a brief caller in Lima, Thursday. Mr. and Mrs. E. H. Blish of Whitewater, made their Lima friends glad by their presence Saturday. Mr. and Mrs. W. D. McDomb

COLLEGE BOYS SING

AT MYERS GRAND

DELIGHTFUL CONCERT BY THE
UNIVERSITY CLUBS.

Audience was Small, But the Absentees Were the Losers—Rusk Lyceum Gives a Very Enjoyable Dancing Party—The Woodmen Make Merry—The D. A. R. Concert Tonight.

A small audience heard the concert given by the University of Wisconsin Glee and Banjo clubs at the Myers Grand last night, but the people who did not attend were the losers. Both clubs are unusually strong organizations. Encores were freely given and from the first number to the last there was not a dull moment. The Banjo club is a splendid organization, and the members are complete masters of their instruments, while the sixteen young men who sing in the Glee club are all artists. The quartette composed of Messrs. Wentworth, Boughton, Hedler and Clausen, sang very effectively. All praise is due E. C. May, the violinist. Their numbers were especially well rendered. It is to be regretted that the clubs were not greeted by a larger audience but counter attractions were many, to that fact the light attendance was due. The program was in two parts as follows:

PART FIRST.
O Schone Zeit.....Goetze
Glee Club.
Capitol March.....A. E. Groves
Banjo Club.
Asthore.....Trotter
Cornet Solo by E. C. May, '98.
Mother Goose.....Gracey

THE OVERFLOW OF LOCAL NEWS.

J. P. BAKER HEADS
THE COMMISSION
FIRE AND POLICE BOARD IS
APPOINTED.

Naming Them was the Last Official Act of Mayor Frank S. Baines—Vote of Thanks Given the Retiring Executive—Proceedings of the Last Meeting of the Old Council.

For Four Years - J. P. BAKER
For Three Years - WILLIAM S. JEFFRIES
For Two Years - V. R. RICHARDSON
For One Year - THOMAS S. NOLAN

The appointment of the men above named, as a board of fire and police commissioners, was the last official act of Mayor Frank S. Baines, and the last meeting of the old council was held last evening. The aldermen: Adopted a schedule of salaries to be paid to firemen and police officers, to comply with the new law.

Rated the license fee for transient merchants from \$5 to \$10 per day. Declared the election of the officers chosen at the last election, and approved their bonds. Tendered a vote of thanks to the outgoing mayor; paid a number of bills; ordered street repairs, etc., etc.

Alderman Inman was the only absentee. After the minutes had been read City Clerk Badger announced that he had received the oaths and bonds of all the officers elect, except School Commissioner-elect C. L. Valentine and Justice of the Peace L. F. Patten. They were referred to the judiciary committee, Chairman McLean afterward reporting them back as being in due form.

Alderman Fifield was then authorized to take his seat, he having been elected to fill the vacancy caused by the resignation of S. B. Hedges.

Raise Transient Dealers' License. The bond of Henry Beneke was referred to the judiciary committee, and on the report of Chairman McLean it was accepted. Chairman Stoddard of the license committee reported in favor of transferring Thomas Mackin's license to Beneke, and the transfer was ordered.

Chairman McKey of the fire and water committee reported in favor of granting John P. Wright permission to build a small addition to his carpenter shop, the chief engineer stating that the building would not increase the fire hazard.

Alderman McLean, from the judiciary committee, made the following report:

"The judiciary committee, to whom was referred the petition of certain merchants of the city praying that the per diem tax upon transient merchants be fixed at the sum of \$25, report that under the provisions of the statutes of Wisconsin the maximum sum at which per diem can be fixed is \$20.

"We further report that the sum charged per diem to transient merchants is now fixed by resolution of the council at \$5; that in our judgment that sum is not sufficient to protect local merchants, and is not a sufficient restraint upon the traffic at which the law regulating transient merchants is aimed.

"We therefore recommend that the amount to be charged per diem to transient merchants be fixed at the sum of \$10.

Ordinance is Passed.

Chairman McLean then introduced an ordinance in conformity with the report and it was passed under suspension of the rules.

Ald. Burnham asked for City Attorney McElroy's judgment as to whether or not the city was liable for damages for injuries sustained by Patrick Sweeney, and City said Attorney McElroy said the city was not liable.

Chairman Milmore, of the highway

COMMON SENSE CURE.

Pyramid Pile Cure Cures Piles Permanently by Curing the Cause.

Remarkable Remedy Which Is Bringing Comfort to Thousands of Sufferers.

Probably half the people who see this article suffer from piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur from no apparent cause and loss of blood causes death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It allays the inflammation immediately, heals the irritated surface and with continuing treatment reduces the swelling and puts the membranes into good, sound healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials we have lately received: Mrs. M. C. Hinkley, 601 Mississippi St., Indianapolis, Ind., says: Have been a sufferer from the pain and annoyance of Piles for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure.

Major Dean, of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure has effectually cured me.

Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is one dollar per package and is put up only by the Pyramid Drug Co., Albion, Mich.

committee asked for the city attorney's opinion regarding the opening of First street. City Attorney McElroy said that as the street had never been opened and could not be except by the petition of the property owners and the payment of damages by the petitioners. Ald. Milmore's motion that the matter be indefinitely postponed was adopted.

The following orders were adopted: Ald. Kothmon—Granting Mrs. E. M. Wilbur permission to use a portion of School street for building material. Ald. Burnham—To repair Milton avenue under the direction of the aldermen of the Second and Third wards.

Alderman McLean—Granting permission to the Janesville Street Railway company to extend their road from the present terminus on Eastern avenue along said avenue to the new power house east of and adjoining the Chicago & Northwestern railway.

Alderman Milmore—Directing the street commissioner to serve notice on the owner of the property at the northwest corner of South, River and Pleasant streets to build a new sidewalk on Pleasant street.

Commission is Appointed.

Mayor Baines then asked that City Attorney McElroy read the new law under which a board of fire and police commissioners were to be appointed, and City Attorney McElroy did so. The mayor then announced the appointment of the board, as follows:

For four years—J. P. Baker.
For three years—W. S. Jeffries.
For two years—V. R. Richardson.
For one year—T. S. Nolan.

Alderman McKey moved that a committee be appointed to fix the salaries of members of the police force and fire department, and the motion being adopted the mayor appointed Alderman McKey, Stoddard and Burnham. After a ten minutes recess, Alderman McKey reported for the committee, and introduced this ordinance:

"An ordinance to fix the salaries of officers and men in the police and fire departments of the city of Janesville. The mayor and common council of the city of Janesville do ordain as follows:

"Section 1 The salaries of officers and men in the police and fire departments of Janesville are hereby fixed as follows:

"Marshal, \$100 per month.
"Policeman, \$75 per month.
"Chief engineer, \$50 per month.
"Assistant engineer, \$150 per year.
"Full paid firemen, \$10 each per month.

"Call men, \$75 each per year.

"Section 2. The salaries of all officers and men except assistant engineer and call men shall be paid monthly and the salaries of the assistant engineer and call men shall be paid semi-annually."

The ordinance was passed under suspension of the rules.

Thanks for the Mayor.

Alderman Burnham then moved that a vote of thanks be tendered the mayor for the fair and honorable manner in which he had presided over the council. Clerk Badger put the motion and it was adopted.

Mayor Baines thanked the council for the courtesy, and said that he had received many favors and kindnesses from the council. He had, he said, aimed to do his duty fairly and impartially, and trusted that the relations should always be as pleasant as they had been.

Clerk Badger read the minutes of the meeting, which were adopted and on motion of Ald. Burnham the council adjourned sine die.

EASTER AT EMERALD GROVE

Exercises Were Held at the Congregational Church—Other News Notes

Emerald Grove, April 20—Easter was observed at the Congregational church with appropriate exercises. In the morning the pastor was greeted by a large and appreciative audience. The theme was suited to the occasion from John 20:15. In the evening the services were conducted under the auspices of the young people's society, and the Sunday school. The program was a very interesting one. Recitations, and songs, both vocal and instrumental held the large audience for an hour to the satisfaction of all. At the close of the exercises a handsome collection was taken for the cause of Foreign Missions. The people of Emerald Grove certainly celebrated the event with credit to themselves.

The Emerald Grove Cemetery association, not creamery association, will hold its annual meeting on Saturday evening of this week, April 21. All interested are expected to be present. W. J. Jones was in Chicago, looking after spring goods, Tuesday. Mrs. George Willis of Huron, S. D., was a visitor in the home of Mr. and Mrs. W. A. Dean, this week. Seventy-four cents per hundred was the average price paid for milk at this factory for the last half of March. Those wishing work done in the cemetery should engage the sexton, William H. Davis, early, as later on his time is about all taken up with other matters. Mrs. John A. McArthur, who has been quite sick, is slowly improving. Emerald Grove will soon have a photograph parlor in operation. Irving Dennis is to be the proprietor.

Gossip From Magnolia

Magnolia, April 20—Bulah Cole is sick with croup Dr. Colony is attending her. Ern Clifford began work in the creamery last Monday they are taking in over six thousand pounds of milk a day. Cards are out for the wedding of Miss Annie Needham and Mr. Matt Mulcaba. A horse belonging to David Acheson died last Sunday morning of inflammation of the lungs. Fred Wood and wife and Charles Weaver of Evansville, were in attendance at morning service here Sunday morning. Elder Belster, a former pastor of this place will preach at the advent church next Wednesday evening. Mr. and Mrs. Scharles are here assisting in nursing the little sick daughter of Mr. and Mrs. Anton Cole. George Acheson was in town Sunday.

WISE ADVICE TO HUSBANDS.

Those Who Have Ailing Wives Will do Well to Accept It.

Do not wrangle and quarrel, and finally rush into the courts and try to get a separation from your faithful wife; but just stop a moment and think! Your wife, who was even-tempered and amiable, and all that was lovely when you married her, has changed. Now she is peevish, irritable, jealous, discontented and miserable—in a word, she has uterine disorder of some kind.

Law is not the remedy for this condition, she needs medical treatment, her uterine system is at fault.

My advice to you is, sit down and write a letter to that friend of women, Mrs. Pinkham, of Lynn, Mass., state fully and freely the whole case to her and she will honestly advise you what to do. Give your wife that chance, good man!

If you do not wish to write about your wife, bring her a bottle of Lydia E. Pinkham's Vegetable Compound, watch its effects, you will soon see the beginning of the improvement; then get her another and keep it up until she is restored to you, the same lovely woman you married years ago.

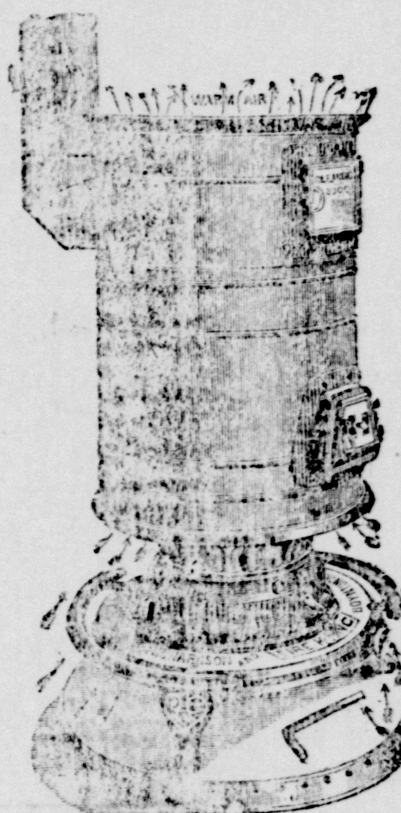

Following we relate the circumstances of a case of this nature. Mrs. MELVA ROUNTON, of Camby, Ind., says:

"I have used Lydia E. Pinkham's Vegetable Compound and found it to be of great benefit to me. The doctors said I had womb trouble. I had the headache all the time, also a terrible backache, was nervous, cross and irritable. I looked so pale that people would ask me what was the matter. I suffered in this way for about four years, until one day about in despair my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I commenced its use, and much to every one's surprise, it cured me. It has completely changed my disposition for the better also. Several of my neighbors, knowing what the Pinkham medicine has done for me, are taking it, and are much pleased with the result."

THIS DAY IN HISTORY.

1718—David Brainerd, famous missionary to the Indians, born at Haddam, Conn.; died 1747.
1736—Prince Eugene of Savoy, famous commander, died; born 1665.
1806—Charles Louis Napoleon Bonaparte, known in history as Louis Napoleon, third emperor of the French, born in Paris; died at Chislehurst Jan. 9, 1873.
1882—Charles Robert Darwin, the noted English scientist, propounder of the "missing link" theory, died in Kent county, England.
1892—Severe earthquake throughout the whole of California; central near Vacaville, where great damage was done.
1894—Fatal and destructive earthquake in Greece.
1896—Baron Maurice de Hirsch, noted financier and philanthropist, died at Presburg, Hungary; born 1833.

CUTTING SALARIES

The move for municipal reform has been started in Appleton by reducing salaries. The election this spring turned on the salary question and resulted so decisively that Mayor Thom immediately withdrew his veto of the cut-salary resolution which had come up before election. He stated in withdrawing the vote that he did not by so doing admit a change of opinion, but only intended to save the incoming council the trouble that would have resulted in a reconsideration of the question. Under the resolution which thus goes into effect, a cut of 30 per cent in the salaries of city officials enforced and some of the more notable changes are: city clerk reduced from \$1,000 to \$800; treasurer from \$1,200 to \$800; street commissioner reduced from \$1,000 to \$800; marshal from \$1,000 to \$800; surveyor, assessor and physician from \$500 to \$300 each. Neither the mayor nor the aldermen are to receive any salary whatever. Appleton is thus put on what her citizens consider a bed rock foundation of economy and retrenchment—and at that the figures are somewhat higher than Janesville where there has been no spurge whatever.

THE POLICE BOARD.

Mayor Baines ended his official term very creditably. The board of police and fire commissioners named by him is one that insures the faithful discharge of the duties enumerated by the new law. The board was appointed after consultation with the head of the new administration and will work in perfect harmony with Mayor Thoroughgood and the incoming council. Its members are men well versed in city affairs and familiar with city needs, and are men on whom officers may rely for backing when any question as to the enforcement of law is involved.

Voorhees Died a Poor Man.

Washington, April 20.—Although, like a great many other men prominent in public life, Senator Voorhees had abundant opportunities to add to his possessions, his sense of personal honor and public integrity was so exalted that he put by chances which he might have availed of without opening the door to the least criticism. As a consequence when he retired from the senate on March 4 last broken in health and spirits, he had no more than a few hundred dollars. About a week before his death he said what he had would last him but a month or two, and it would be a relief if he knew he would be called from earth.

Senator Cullom Aids Railroads.

Washington, April 20.—Senator Cullom, chairman of the interstate commerce committee, Monday appointed the following sub-committees to report as to the line of future action of the committee and the propriety of holding hearings upon various matters of railway legislation, notably the pooling and anti-scalper bills: Cullom, Chandler, Carter, Gorman and Lindsey. The selections, while made with the view to just geographical representation, insures the reporting of a pooling and anti-scalping bill.

Japanese Colonists for Mexico.

San Francisco, April 20.—The steamer City of Para, which sails this morning for South American ports, carries with her a party of forty Japanese, who arrived here last week on the steamer Gaelic. These men form the first large lot of emigrants bound for the big Mexican free grant they have yet left Japan, and their leader, Okena Egarto, an army officer, who has been thoroughly educated in European colleges, is on his way to Mexico to make a complete investigation of the advantages offered.

Pope Creates New Cardinals.

Rome, April 20.—The secret consistory Monday was largely attended. The pope elevated the archbishops of Lyons, Rennes, Rouen and Santiago de Compostella to the cardinalate and formally proclaimed the previously named bishops of Buffalo, Cheyenne, Wilmington and Mobile.

What He Wondered About.

Clerk (as the "carrier," after an interminable time, comes back from the cashier's desk)—Here's your change, sir. Did you think you'd never get it?
Victim—Oh, no; I've merely been wondering whether I'd get four or six per cent. for the use of my money.—Brooklyn Life.

A Realist.

"There," said Miss Stoopid to her best girl friend, "is the portrait of me painted by that young artist we have all been raving over. He has the features to perfection, but there is not a particle of expression in my face."
"How loyal and true to his art, he is!"—Detroit Free Press.

Wouldn't Mind Her Wanting.

"No, Harry, I am sorry; but I am sure that we could not be happy together. You know I always want my own way in everything."
"But, my dear girl, you could go on wanting it after we were married."—Odds and Ends.

The Real Sufferer.

"And when you were a slave, Uncle Gabe, they once got up a butting match between you and a goat, did they? How cruel that was!"
"Deed it were, miss. Dey had to kill de pore goat afterwards!"—Chicago Tribune.

A Shock.

"A song," quoth he, "is in my heart;" And, with a pensive air, She murmured: "William, for my part, I wish you'd leave it there."—Washington Star.

HEART FAILURE.

Is as Rapid and Fatal in its Action as a Stroke of Lightning.

HE Daily Press is constantly announcing deaths of people, more or less prominent, from heart-failure; they were well, as they thought, a few hours before; "never felt better" than just previous to the attack, and yet in a few hours are dead. What does it mean? What is the reason? Simply, that from inattention they have allowed their systems to get run down, have let their blood become weak and impure, and the result is a sudden and fatal illness.

Nature has been at work silently and unfelt, until from some slight exertion the weak parts of the human engine breaks down, and the end overtakes the sufferer almost before he knows he is sick. If a little more care had been taken to keep the system "tuned up" and in perfect condition, and above all, the blood pure, these sudden collapses could be avoided. For this purpose there is no remedy on earth so efficient as Kickapoo Indian Sagwa; made as it is from roots, barks, herbs and gums of the forest. This remedy is without a parallel for keeping the body strong, healthy and well. It accomplishes its wonderful results by purifying the blood, and regulating the stomach, liver and kidneys. It should be taken regularly at this season of the year, when all nature is undergoing a change, as it will prevent the blood from becoming vitiated.

The Indians have used it successfully for centuries. Their continual perfect health and longevity, and the fact that

sudden strokes, such as heart-failure, apoplexy, and kindred ailments are unknown to them is due to the fact that from their birth they have used Kickapoo Indian Sagwa. If you are not feeling just right, and cannot locate the trouble, take this wonderful medicine before it is too late. You do not know what minute you may be overtaken by some dire calamity. Health attends its use always. All druggists sell it. \$1.00 a bottle, 6 bottles for \$5.00.

THEIR BLOOD BOILS AT THOUGHT OF WAR

LOCAL SYRIANS WANT TURKS BUTCHERED.

They Pray That the Sultan's Subjects Be Treated as They Treated the Hapless Christians—Have Friends Forced Into Turkey's Army—Hope For Victory and Revenge.

"Long live Greece and may Turkey suffer defeat!" shouted male members of the local Syrian colony when a Gazette representative called at their home on Hickory street and asked what interest they had in the war now raging. Local Syrians have no love for the Turks and this fact they now emphatically demonstrate in more ways than one.

They once lived in a land that is ruled by the Sultan and they know from experience what it is to be governed by a cruel ruler. No people in the city are better posted on the Greco-Turkish affairs than the twenty-five members of the local Syrian colony. The majority of them were born in that far away country and many of them have been over the very ground where the fighting is now taking place.

Relatives Forced to Fight. They say they have friends and relatives, whom, they now think, are obliged to serve in the ranks of the Turkish government, but in spite of this fact, these men long for the defeat of the Turks. This personal hatred—according to a local Syrian—was brought on by the cruelties that their countrymen have undergone, and which, to a great extent, were the cause of the removal to this country and the final settlement in this city, of the local colony.

"The cruelties and murders that have been committed without number by the Turkish government, in which the hapless victims were Christians, is enough to make the blood of civilized people boil. Helpless women and children, who, along with their fathers, sons and daughters, were butchered right and left just because they differed in religion," declared one of the women, becoming greatly excited. "With such a state of affairs existing, can you Americans blame us for hoping that the Turks will be wiped out?" The subject of these people is of absorbing interest to these people.

They Want Revenge. The women and even the little children show great interest in the matter. They eagerly scan the daily papers for fresh information.

"You can tell your countrymen," said one of the men in a cold hard voice, "that I shall pray nightly that King George and his countrymen will butcher the Turks in as cruel a manner as the Turks murdered the helpless Christians. Victory—and revenge too—is what we want to see."

KNIGHTS ATTEND A FUNERAL

Thirteen Janesville Men Went to Fort Atkinson This Noon.

Thirteen members of the local lodge of Knights Templar left on the noon train for Fort Atkinson, where they attended the funeral of the late David W. Curtis, which was held this afternoon. Eleven members from Evansville joined the local lodge in this city. Those who went from here were:

E. Ranous, A. S. Lee,
George Brink, O. F. Nowlan,
W. S. Fildell, W. F. Carle,
John Lloyd, L. M. Thomas,
J. M. Harrington, T. W. Goldin,
J. M. Peters, Henry Rogers,

Colonel W. B. Britton accompanied the local delegation, being a member of the military order of the Loyal Legion of the United States, in which order Mr. Curtis was prominent.

RUN THE CARS NEXT MONTH.

Work at the Street Railway Power House Is Being Pushed.

O. F. Nowlan's carpenters commenced work yesterday on the car barn and masons are nearing the completion to the foundation of the power house. The Northwestern road have finished laying the side track and the work of laying the street car track along Eastern avenue is soon to commence. George W. Blabon writes from Philadelphia to rush the work so that the cars may run by the middle of next month.

WHITELIGHTERS MIX AND BLOOD FLOWS

"LIT" BARRY "BENDS TOM NASH'S FACE."

The Former is Now in Jail and the Latter in Bed—Francis Split the Organization, and the Friends of the Two Men May Eat Each Other Up.

The Whitelight club held an informal afternoon reception in honor of Mr. Richard Barry, Jr., a son of Mr. Thomas Nash near the Five point crossing yesterday.

The hours were from 4 to 5, and after the ball was over Nash was found to have numerous cuts, contusions and abrasions.

Now there is a split in the ranks of the organization, and the members 'low to eat each other.

The affair was entirely unostentatious, but during the afternoon, Barry said Nash insulted him.

Then they "mixed and fit." After the dust had settled, Nash, with half a dozen gashes in his head, was taken to the office of Dr. James Gibson, where he was repaired. Barry, without even a scratch on him, was arrested by Chief Hogan and Officer Appleby an hour later and landed in jail where he now sojourns in default of \$500 bail.

The brouillie—so to speak—is the opening of a series of engagements that will follow among members of this celebrated club, which threaten to disrupt the organization. Barry's friends say that Nash got just what he deserved, "considerin' the language he trun at Lit."

They Want Vengeance.

Nash's conferees, say, however, that Barry's days are numbered, and that as soon as he is released from jail he will receive the same treatment that he accorded Nash—bouleversement—or such a matter.

This morning, at 11 o'clock Barry appeared in the municipal court, but Mr. Nash was confined to the house as the result of his hurts. Barry's bail was fixed at \$500 and in default he was led back to Cabaretier Acheson's cachot.

The trouble that threatens the disruption of the club—and the Hon. Mr. Nash—grew out of the fact that Mr. Nash was not guarded in making remarks about Mr. Barry. The stories, Mr. Barry said, put him in a false light before his friends and the general public. In order to right the matter, he insists, he was obliged to use force and "bend Nash's face."

Nash will prosecute Mr. Barry to the fullest extent of the law. The charge against Barry is a serious one, and District Attorney Jackson will prosecute.

PATCH UP TROUBLE AND DON THE YOKE

MR. AND MRS. A. L. NEILSON REUNITED.

They Met By Appointment at Beloit This Morning and Were Married By Rev. T. DeWitte Peake—Lawyer J. W. Bates Helped the Work Along—Left for the South.

Beloit, April 20.—[Special]—Mr. and Mrs. Abraham L. Neilson, formerly of Janesville, who were separated by divorce proceedings at Janesville on April 1, were married by Rev. T. De Witt Peake, of the Beloit Methodist church this morning.

Mr. Neilson has been in Earleville, Ill., for some time past, but has been corresponding with his wife, who had been living at Janesville since she got her divorce, through Lawyer J. W. Bates.

The result of the correspondence was a reconciliation. Neilson came up from Earleville, and Mrs. Neilson came down from Janesville. Together they went to Rev. Mr. Peake's home, where the ceremony was performed.

After the ceremony, the couple left on the south bound train, presumably for Earleville.

Mrs. Neilson signed a paper releasing her husband from the financial liability that was the result of the divorce action.

They "made up" they said, because of the child, a little girl.

A BARBER IS GONE AND SO ARE GOODS

G. H. ERREDGE'S STORE ROBBED LAST NIGHT.

Man who Slept in the Place Mysteriously Disappeared at the Same Time as the Silverware, Watches and Razors—Police Predict an Early Capture.

Arthur Robinson, who claimed Los Angeles, California, as his home arrived in this city a week ago last Friday and hired out as a barber to George H. Erredge who conducts a barber shop and jewelry store at 115 West Milwaukee street.

But he's not here now.

Sometimes during the night, Arthur left for parts unknown, and this morning a goodly portion of the jewelry stock was missing.

The disappearance was not discovered when Mr. Erredge, on opening the store, found only empty plush cases which, but a few hours before, had been filled with gold and silverware.

The missing property includes fourteen gold and silver watches, nine razors, twenty-four pairs of spectacles, fourteen emblem pins, two revolvers, two pairs of hair clippers and six gold chains.

The police have a description of the man as follows: Height, 5 feet 8 inches; age, 28 years; weight, 120 pounds; wears dark mustache, and has two teeth out in front.

Board Unpaid.

Mrs. S. E. Beaver, who conducts a boarding house at No. 6 South Franklin street, says she has a board bill against Robinson, which is as yet unpaid.

Mr. Erredge says that the man was an entire stranger to him. On the ninth of this month he walked into the shop; said that he was a good barber; and he was given a job. He lodged in the store and took his meals with Mrs. Weaver.

At 10 o'clock last evening Mr. Erredge went into the store, while returning from a Masonic meeting, and found everything all right.

The greater portion of the missing property was taken from a show case in the front window, and before the robber left he exchanged his old overcoat for one of Erredge's that was left hanging in the store.

The police think that the man escaped on one of the midnight trains, and predict his early capture.

EXPOSED AT NIGHT.

Rheumatism Resulted and That Brought Sliter Suffering.

DODD'S KIDNEY PILLS CURED IT.

Sovereign Remedy for Rheumatism and all the Ailments Ensuing from Disorders of the Kidneys—Sliter, of Chetek, Tells How Dodd's Kidney Pills Helped Him.

CHETEK, Wis., Dec. 18—Of course if you want rheumatism you can get it. But do you know how to get rid of it if you get it and don't want it? That is the question.

Rheumatism springs from disordered kidneys. If you wanted pure water you would filter it wouldn't you?

If you want pure blood you must filter it. That's what kidneys are for—to filter the blood. But if the kidneys get out of order, and don't filter properly, your blood becomes charged with impurities and wherever they lodge they cause pain.

That's rheumatism.

Every disease has its cure. Rheumatism has a cure. It is DODD'S KIDNEY PILLS. It cures because it acts directly upon the kidneys. It puts them in order, and there you are—free from pains and aches.

This isn't theory. Plenty of people have taken DODD'S KIDNEY PILLS and have been cured. The makers of the Pills offer a challenge for the case of Rheumatism, of no matter how long standing that their Pills will not cure. They cure every form of Kidney Disease. They cure everybody, old or young, male or female, those who live lives of outdoor exposure as well as those who sit much at home.

Now take the case of Mr. N. Sliter of this town.

He writes thus to the DODD'S MEDICINE COMPANY:

"GENTLEMEN:—About 14 years ago I suffered a severe disarrangement of the kidneys which eventually became chronic. Rheumatism bothered me all those years, especially in changeable weather. I used a great many patent medicines said to be beneficial in kidney diseases, but got no relief from them.

Last summer I was much exposed to night air, and was worse than ever. I happened to see your advertisement, I think in the Kingston British Whig. I sent for six boxes of pills. They came by return mail, and there we greatly benefited me from the first. My appetite could be satisfied with anything I desired, and I gained steadily in weight. The six bottles completely cured me, and I am well and nearly today.

Send for a bottle of Dodd's Kidney Pills to your nearest druggist, or to the Dodd's Medicine Company, 638-642 Ellicott Square, Buffalo, N. Y. Price 50 cents; half a dozen boxes for \$2.50.

TWO CLASSES OF READERS.

Those Who Like Dickens and Those Who Adore Thackeray.

"About fifteen years ago readers used to be divided roughly into two classes—those who 'liked Dickens' and those who 'adored Thackeray,'" says the Ladies' Home Journal. "Each class used to view the other with more or less contempt. Of the two the Thackeray people felt themselves considerably superior to the Dickens people. There were not so many of them, for one thing, and that in itself gave them a feeling of exclusiveness. But Thackeray's complete works for \$3.99 rapidly abolished the aristocracy. Artificial barriers do not long count for much with a great writer. You no doubt very soon found out that in certain moods there was nothing more satisfying to you than 'Pendennis,' and at another time the best novel that you ever read was 'David Copperfield.' I have no doubt that in the long run deep in your heart you will cherish a finer affection for the one than the other. That is a matter of temperament and your surroundings. The one you like best fits best into your life as you are making it. You will discover that a change of scene or occupation often brings you into sympathy with a writer whom you never before appreciated. A great sorrow will sometimes reveal George Eliot to you; a little journey in England will show you new beauties in Trollope; a wave of war feeling in Europe and people begin re-reading Tolstoi's 'War and Peace.'"

Tobacco Kills Cholera.

Defenders of tobacco smoking fail to make use of the most powerful arguments in its favor, says an exchange. Hitherto the most that has been claimed in favor of smoking was a certain subtle, beneficial effect on the digestion and a soothing effect on the nerves. It has been learned recently from the report of investigations of the effects of tobacco during the epidemic of cholera at Hamburg that cholera microbes could not exist in the mouths of smokers. There were no living bacteria after twenty-four hours in cigars made up with water containing 1,500,000 cholera germs to the cubic inch. There were no tracks of microbes to be found in any cigars manufactured in Hamburg at the time of the epidemic. The microbes die in a half or two hours' exposure to smoke in Brazil, Sumatra or Havana tobacco. The smoke of any cigar kills the microbes. Experiments show that in five minutes after beginning to smoke the microbes in the mouth are killed. Another fact established is that none of the persons employed in the tobacco factories at Hamburg contracted cholera.

The desire for low prices is at present universal. Advertising chiefly of special offers is eagerly read. Bargains are the order of the day.

Warned by Smell of Smoke... The many fires of late have made people think about their insurance—the companies in which it is written, and the amount covered. The good business man does not forget that his property may go next. He does not expose himself to a crippling loss.

YOUR TIRED STOMACH.

"I have no appetite," you say, "and the little I do eat does me no good. At first it feels cold and dead in my stomach and by and by I have aches and pains that sometimes go to my chest and back. I feel weak, low spirited and out of sorts all over. I fancy the demon of dyspepsia has got me." That's the way you talk and no wonder. But wait a moment. Let us reason together. Perhaps thus far your stomach is merely tired. You have been eating too much, eating the wrong things, and irregularly. You have given it too much to do, and like all living things, when overworked, it stops at length from sheer exhaustion. There may not be an actually diseased condition as yet. Still it is nature's warning, and you must heed it or worse will follow. "But I must eat or starve," you say. True enough, but safety usually lies in middle courses. Here is one for you. You don't need drastic purges or exciting stimulants. Your condition is one easily relieved if we go about it gently and sensibly. The tired stomach won't work under whip and spur. It has probably had too much of that already. What you require is something that is at once a food and a digester of food. Such an article is the Shaker Digestive Cordial, discovered and prepared by the Shaker Community of Mt. Lebanon, N. Y. Taken right after eating, so as to mix with the food, it does the stomach's work for it, gives it the advantage of further rest, strengthens you in a natural way, and soon enables the stomach to do full duty. There is nothing else like this simple, safe, certain and palatable remedy. Yet the Shakers respect your doubts and authorize druggists to sell a trial bottle for ten cents.

FOR LITTLE FOLKS.

Good Manners.

The average young man scoffs a little at a chap who is noticeable for his good manners. Many a healthy boy thinks a certain roughness in speech or manner is a sign of vigor and manliness in contrast to the weak and womanly ways of one who is always bowing and scraping to the people whom he meets. There could not be a greater mistake, because while an overdisplay of politeness is a sign of hypocrisy natural courtesy will never permit boy or man to behave in any way except in the thoughtful, quiet, refined way which belongs to good manners. A rough, honest chap is better than a slippery, well-mannered, dishonest one, to be sure. That perhaps is the reason for so much of this deliberately rough way some of us adopt. But this does not prove that courteous behavior is wrong or to be avoided. It means that courteous behavior is sometimes used as a cloak for other motives.

There is no reason, therefore, why the average young man in school or college or business, in his daily occupation, or when he comes in contact with women or men, girls or boys, should not make it a point to be reserved, self-contained, tolerant and observant of the little rules which every one knows by heart and which go to make his company and companionship valuable to others.—Harper's Round Table.

Too Bad.

Wee, wee Lucy, the dear little goosey,
Tried a trick on April fool's day;
A purse—how funny—without any money
Laid temptingly down by the way.
But she took her new purse, in default of a
worse,
With its clasp so shiny and gay.

And somebody got it and put it in his pocket,
And who was fool then, pray?

How Grandfather Lighted His Candle.

Nowadays when you want a light in the evening all you have to do is to turn a little peg, and the electric lamp begins to glow. Gas and oil lamps are only a little more trouble. But it was very different 100 years ago. The lighting of a candle was a complicated process and took a good deal of time and skill.

First, there was the tinderbox. Probably you have heard of a house burning "like tinder," but do you know what tinder really is? Our grandfathers made it by lighting a piece of cotton cloth at the fireplace and allowing it to char. This was placed in a shallow, round tin box, something like the box now used for shoe blacking.

Matches were made by splitting thin pieces of wood into many pieces and tying them together in round bundles. Then when the brimstone, the old name for sulphur, was broken up and melted both ends of these bundles of sticks were dipped into it. Thus old fashioned matches were burned at both ends.

In lighting a lamp or candle the tinderbox was opened, then the flint and steel struck together, dropping a spark on the tinder, into which one end of a match was put as quickly as possible and the candle lighted. This done, the cover was shut down on the tinderbox to smother the lighted tinder and to save it. The match was also extinguished at once, to use the good end next time.

And by the time the candle was lighted supper was ready. Weren't those slow old days?—Chicago Record.

Working and Waiting.

If you have any waiting to do, work while you wait. Working is the only thing that will make time fly. Watching the clock is the surest way to make a moment an hour, and working will make an hour seem like a moment.—Brooklyn Eagle.

He Would Like to Know.

"I hate to bother you, papa, but really I'd like to know."
"Well, what?"
"How it happens that baby fish don't get drowned before they've learned to swim?"

MUSLIN UNDERWEAR SALE.

Wednesday, April 21st.

The First Muslin Underwear sale took

place in February and its successful outcome prompted us to place a duplicate order. This shipment is just in and will form the basis of next Wednesday's sale—and as always, the best bargains extant will be found on the counters for this day.

Never Touched Them.

No sweat-shop operator ever laid a finger on our muslin underwear. The immaculate white and general excellence of these garments tells no tale of long hours or poor pay. One of the most perfect factories in the world produced these goods, and the excellence of their work testifies to the healthy, happy working girls who made them. The determination to keep these girls busy, even at a loss, is responsible for the price.

Children's muslin Drawer, five rows cluster tucks, sizes 1, 2 and 3—10c.

Sizes 4, 5, 6 and 7—15c.

Women's umbrella Drawers plain wide ruffle, sizes 23, 25 and 27—25c.

Umbrella Drawers, lawn ruffle, edged with 3-in. hand made torchon lace or with em-

broidery, positively dollar value—69c.

White Muslin Skirts, wide tucked ruffle, plain hem, 49c.

White Muslin Skirt, 13-in. cambric umbrella ruffle edged with nainsook embroidery, an excellent garment—89c.

White Muslin Gowns, cluster tuck, and hemstitched yoke, full length, and large sleeves—49c.

Corset Covers, with either square or 'V' neck, edged with embroidery, all sizes—19c.

Sample Gowns, a special line for this sale, values two and three times the price—at only 89c.

Skirts—a new line of the finer qualities at \$1.39, \$1.89

and \$2.39, all of cambric and with wide umbrella ruffles, beautifully finished with lace and embroidery.

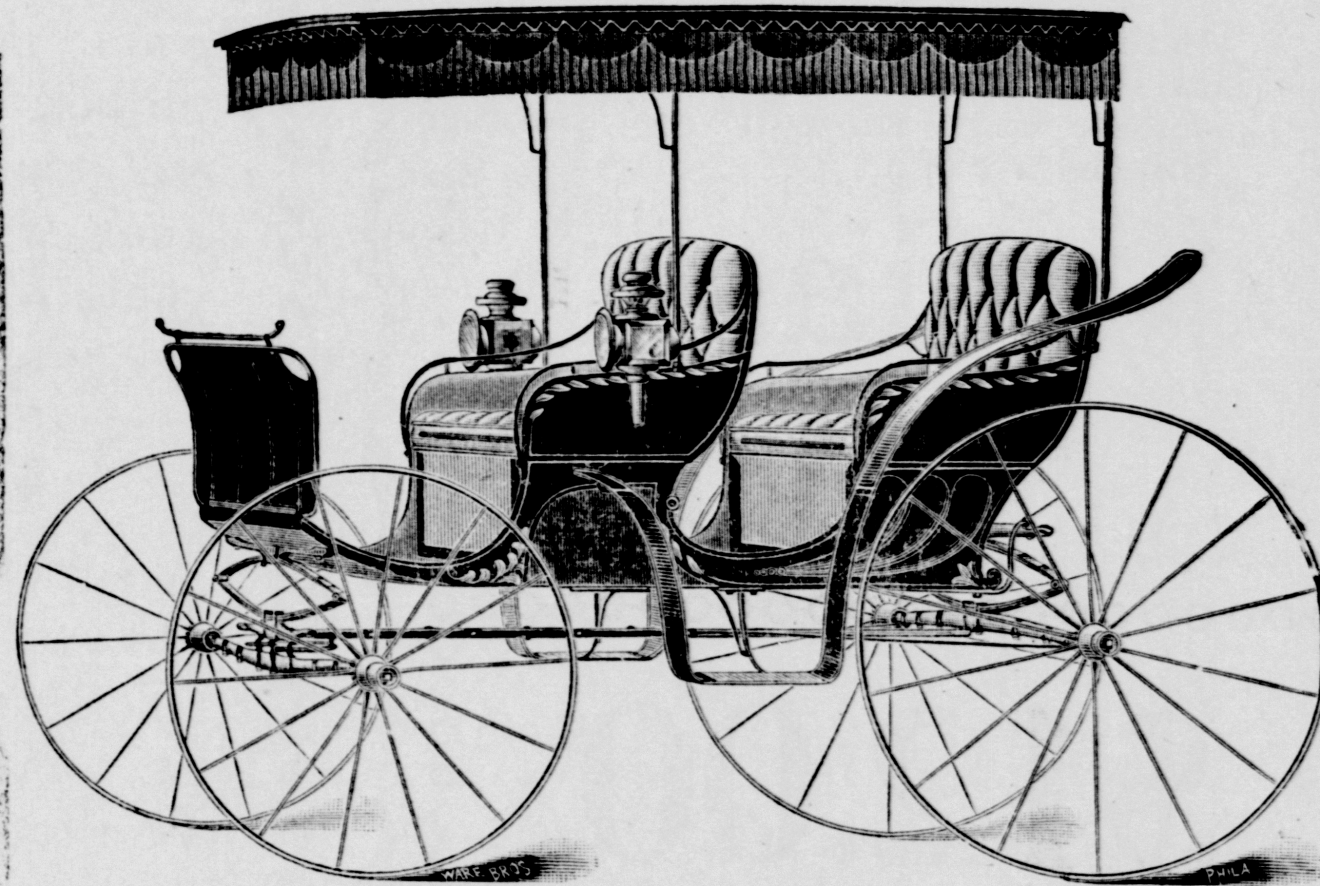

Infants' long and short dresses in many styles will also be on sale.

Children's Muslin Hats and Bonnets for spring, the complete stock is in; and the Mil-

linery department announces a special sale for Wednesday; all the new things at special prices.

CARPETS MATTINGS RUGS

A bright, clean, fresh stock. Not an old thing in the whole lot.

Ingrains-- We show fifty new pieces, mostly Low--all goods, and all 1897 patterns. Our price on this superior grade of Ingrains is as low as the inferior goods are being sold for. We give you superior quality at the lowest market price.

3-Ply Aggra and Delhi Ingrains.... We have just received fifteen new patterns and are offering them at 10c per yard under the market. If you want a carpet that weighs nearly twice as much as a common Ingrain and in patterns copied from the best Brussels you should ask to see these goods; they cost but a trifle more than the ordinary Ingrain and are superior in every way.

Double Extra 10-Wire Tapestry Carpets..... This grade of Tapestry Brussels is the best made in this country. We are selling them at just 14c per yard less than we did during the great sale of last spring. Every pattern is an 1897 pattern, the new rich colorings and almost as good as a Body Brussels.

Body Brussels, Wilton Velvets & Axminsters. A collection of beautiful new Carpets of the choicest designs.

In offering these goods to you we have taken into consideration the cash prices as against long time prices and will save you from 5c to 25c on every yard. We can afford to make big deals of this kind for **spot cash** at a lower price than we can sell on long time credit and we give you a **substantial benefit**.

Matting The new tariff adds just 8c per yard on every yard of Matting brought into the country. This means a sharp advance as soon as present stocks are sold out. We have on hand bought at the low tariff prices about fifty rolls ranging in price from 13 1-2 to 40c per yard. If you are thinking of buying Matting you will be wise to do so before the present stock is exhausted. New purchases are bound to be on a higher basis.

RUGS On Rugs our strong point is price. If you want a door Rug at 75c or a floor Rug at \$40 or any size between will guarantee a saving of from ten to twenty per cent. on anything you want to buy.

Spot Cash is the purchasing power that regulates our prices, and as cash is better than credit so cash prices are better than credit prices.
